

# ANTIBIOTIC FREE ADVANTAGE

**ABF ADVANTAGE** is a carefully manufactured natural energy source scientifically derived from processing vegetable oil-seed products that are verified to be antibiotic free. Naturally rich in antioxidants, it is guaranteed to include no distiller's corn oil and no animal residue. **ABF ADVANTAGE** assures you of the highest energy source available for the best performance possible in a natural feeding program, typically containing 4,000 kilocalories of metabolizable energy per pound.

## WHY CHOOSE FEED ENERGY?

- ✓ **Science:** The science behind Feed Energy assures you of accurate and safe supplemental fat energy levels that optimize feed rations, save money and reduce variability.
- ✓ **Service:** From tank repairs, calibration and service to tank monitoring systems, seven-day-a-week delivery to a dedicated fleet of drivers, Feed Energy's commitment to customer service is second to none.
- ✓ **Safety:** Incoming raw ingredients and produced materials are tested internally utilizing near-infrared spectroscopy and gas chromatography equipment, then validated by independent third-party testing. Feed Energy has earned the Safe Feed/Safe Food certification from the American Feed Industry Association.
- ✓ **Relationships:** From providing custom blends to meeting your deadlines, Feed Energy is committed to the success of your operation. Just as important, the company plays a leading role in enhancing the success of your industry associations and improving the safety and quality of agricultural food production for all.

# HYPERCAL 3900

**ABF ADVANTAGE** is just one example of how Feed Energy understands the challenges you face and responds with energy solutions to improve your operation's efficiency. By continually refining and advancing innovative methods of formulating and blending fats and oils, Feed Energy has earned a reputation as the premier provider of energy solutions to meet the evolving needs of livestock and poultry producers. For unparalleled levels of performance, safety, cost efficiencies and service, Feed Energy delivers science that delivers results.

PARAMETER	PRODUCT SPECS <i>Typical Analysis</i>
Metabolizable Energy	4,000 Kcal/lb
Total Fatty Acids	90.0%
Moisture by Karl Fischer	2.0%
Insoluble Impurities	1.0%
Unsaponifiable Matter	2.0%
Distiller's Corn Oil	0.0%
Animal Residue Testing	None Detected
Antibiotic Residue Testing	None Detected
Pesticides and PCB	Below FDA/EPA tolerance levels
Initial Peroxide Value	<5 meq/Kg
Preservative	Available Upon Request
